Petitions Signed Calling Election For Local District

Petitions asking the Nevada County Board of Supervisors to call a special election to determine whether or not a recreational district shall be formed to embrace the entire fifth supervisorial district are expected to be in the hands of the board tomorrow.

N. F. Dolley, manager of the Truckee Donner Chamber of Commerce, said the required number of signatures has been secured and the petitions will be given to Board Chairman H. G. Loehr for official action.

While the prime purpose of the recreation district is to permit the area to acquire the beach at the west end of Donner Lake and thus protect from commercial development the last public beach at the lake, there are a number of other possible advantages, Dolley pointed out.

For one thing, the creating of the district will make it possible to keep for public use certain beach areas along the north side of Donner now a part of the state highway system, but which will revert to the county when the new highway is completed.

Still another benefit would be the construction of a baseball park and other recreational facilities, now lacking.

One of the most necessary functions, as seen by Dolley and his committe, would be establishment of a public camp ground to accommodate the hundreds of visitors who are turned back because of lack of facilities at Donner Memorial State Park.

All these programs will depend entirely upon the vote of the people when an election is held and a board set up to operate the district.

Hearing Is Set On Emerald Bay Road

A public meeting will be conducted September 29 to discuss the location of a future four-lane expressway on State Sign Route 89 in the vicinity of Emerald Bay.

The session will begin at 10 a. m. in the Lakeside Theater on U. S. 50 about a quarter of a mile west of the Nevada state line.

The highway section to come under discussion is the circuitous stretch from Tallac Creek to a point one-half mile north of the D. L. Bliss State Park.

The existing road on this approximately eight-mile section runs around and above Emerald Bay, and due to avalanches and rock slides is closed for a long period almost every year.

As planned, the initial stage of construction of the new facility, which will be designed and built as an all-year, all-weather route, will consist of two lanes of a future four-lane divided expressway.

Two alternative routings will be presented by highway engineers at the public meeting.

The study which will be conducted over a two year period, will include housing, recreation, traffic and other features for future development of the area. A total of 16 communities, nine in California, will be included in the study. OFFICER IN RESCUE OF SUFFERING DOG

Officers are called upon to perform all sorts of tasks, some over and beyond the line of duty.

Such an effort was assigned to Deputy Leo Zander last week after the California Highway Patrol office was notified that a small dog was in some agony with scores of porcupine quills stuck in his face.

Mrs. Tula Bergman, dispatcher at the CHP office, summoned Zander who went to Smart's where the dog was awaiting aid and after some little difficulty the officer extracted the troublesome objects. The sad little pooch expressed his thanks with a wag of his tail and trotted away — probably to seek out another porcupine.

SPARKS MAN SAYS RING WAS STOLEN

Tim Fitzpatrick of Sparks reported to Sergeant Roy Waters last Thursday that while he was water skiing at Donner Lake, someone apparently entered his car which was parked on the beach and stole a diamond ring of considerable value.

He had left the ring with his clothing in the car, he told the officer.

No other complaints of clouting in the area have been made, Waters said, as the beach is well patrolled.

TWO ACRE FIRE AT TAHOE IS FOUGHT

TAHOE CITY—A two-acre fire which broke out last Tuesday night north of Tahoe City was brought under control within three hours by some 50 fire fighters.

The blaze started in a waste pile of stumps, logs and brush about one-half mile north of the Tahoe City dump, and quickly spread to adjacent dry timber.

Spot fires jumped four and five feet ahead of fire fighters as they attempted to surround the blaze in its early stages.

Working to contain the fire were members of the Tahoe City Fire Department, Kings Beach Fire Department, U. S. Forest Service and state and county personnel.

Forest Supervisor H. E. Branagh of the Tahoe National Forest announced today that Forester George Steed has been assigned to the position of district forest ranger of the Truckee Ranger District. Steed replaces Ranger Roy Saarni who was recently moved to a staff position on the Cleveland National Forest.

Steed, presently assigned to the Angeles National Forest at Pasadena, received his permanent appointment to the Forest Service in 1952. His first assignment was as a forester in the division of research at Ashville, South Carolina and was later moved to the Stanislaus National Forest. Shortly after his graduation he started his forest service career.

The new ranger is no stranger to the Tahoe area. He was sent here to work on the 1959 and 1960 large fires of the Tahoe which enabled him to become acquainted with the general country and the Tahoe Forest fire conditions, Steed is married and has two children, Dianna age 9 and Thomas, age 6.

George and his wife, Constance, will report to his new duty station on September 1.

Escaped Prisoner Held For Nevada

Martin S. Jensen, 39, who was arrested by Deputies Sheriff Robert Schooley and Preston Patnoude last week after he allegedly attempted to burglarize the Texaco service station here, was returned to the Nevada State prison at Carson City.

Shortly after his arrest, Sergeant Roy Waters was informed that that Jensen had escaped from the Spooner Summit honor camp, maintained by the prison, on August 20.

He was chased into the Truckee river by the local deputies after Benny Davis told the officers he saw the man throw a rock through the station window in order to gain entrance.

Waters said they are checking to learn if Jensen was involved in other crimes in the area.

SLOW DRIVERS ARE ALSO ROAD HAZARD

The emphasis on speed as the No. 1 killer on California highways usually refers to the driver who exceeds the posted or safe limit.

"But speed is a double-edged weapon; it can kill in another way," pointed out Highway Patrol Commissioner Bradford M. Crittenden.

"Vehicles which move so slowly that they block the normal flow of traffic can cause accidents. An otherwise sensible motorist, exasperated at the slow driver's actions, may be provoked into a fatal error.

"Particularly irritating — and dangerous — is the driver who pokes along in the fast lanes of a multi-lane highway or freeway," the commissioner said.

"This driver actually is violating two laws. The vehicle code not only provides that vehicles traveling slower than the normal flow of traffic must use the right-hand lane, but also makes it a violation to drive at such slow speed that the normal and reasonable flow of traffic is impeded.

"The key to safe travel is to move with traffic, neither exceeding it nor impeding it. In this way, every driver can proceed both smoothly and safely," he said.

LOGGING TRUCK BILL SIGNED BY GOVERNOR

Assemblyman Paul J. Lunardi has announced the signing of a bill which will vitally affect the logging industry in California.

Assembly Bill 2628 of which Lunardi was a co-author, in most cases will allow approximately 5,000 pounds more pay load for log trucks. For trucks with a distance of 40 feet or more from the first to the last axle, it will increase their net pay load by 5,280 pounds.

The new law will permit the shorter length of combinations and make them safer to operate.

"As far as the logging industry is concerned," Lunardi said, "this is one of the most important bills passed this session."

DONNER DOINGS

By VIRGINIA O'BEAR

I still say there is never a dull moment at Donner Lake. Despite the unpleasant weather, things just keep happening and everyone is busy with their relatives and friends and after Labor Day, maybe things will ease a bit for most of us. Several people said the temperature got down to 31 degrees the other night and I heard there was a little snow on the summit. Hope we don't have an early winter.

* * *

Many people will be happy to know that Robert Harkline of Donner Lake is improving very well. He told his wife the other day that he thought he was going to make it but there for awhile everyone kept their fingers crossed. Bob was the fellow struck by a swinging power shovel last week on the Briggs Conley and Dennis construction job. Bob lost a leg in the accident and suffered other internal injuries but with the will to live and the many, many pints of blood donated by his fellow workers, he is pulling through. His fellow workers have all pitched in and so far they have collected $500 and the construction company said they would match any amount the fellows collected for Bob. This goes to show the spirit and the heart these men have and how they stick together when one is in need.

* * *

The Donner Lake Volunteer Fire Department held a regular meeting at the fire house Thursday evening. Now that summer is nearly over, the busy firemen will probably get back on schedule with meetings twice a month again.

* * *

The Donner Lake Property Owners Association will hold their last summer meeting this Sunday afternoon at 1 o'clock. Many things are on the agenda with committe reports and also a report on the telephone booth situation. I understand that there will be other topics of interest to Donner property owners so a large crowd is expected. If you go, take a folding chair to sit on, it will be more comfortable since there are not enough logs to sit on.

* * *

Many people might like to know that our sheriff's department is really on the ball as far as boating rules and safety is concerned. Deputies Zander and Patnoude had a field day Sunday as they discovered quite a few boats without numbers and no registration. I've noticed quite a few boats going by pulling skiers without an observer in the boat and no number on the boat. I see Arnold Verdi going by often patrolling the lake and I am anxious to talk with him and find out how many violators he has discovered. Labor Day weekend should be a dandy so I think I will wait until some of the other boaters go home before I go out.

* * *

We hope some of our out of town readers will try to be at Donner Lake Lodge on September 21 as we are having a luua. It is a party being planned by the Auxiliary of the Donner Lake Volunteer Fire Department and everyone is invited to come in Hawaiian dress. Reservations for dinner contact one of the following hostesses: Nancy Brodie, Martha Pankoke, Josephine Hall or Virginia O'Bear. We are really going to celebrate as many auxiliary members have birthdays in September.

* * *

Mr. and Mrs. Robert Pankoke and daughter Diane spent three days living it up in San Francisco last weekend. They went to the Ice Follies and to a Japanese restaurant where you take off your shoes and sit on the floor to eat. I'll have to try that sometime, especially after the busy summer is over. While there, Bob attended the RCA Color TV School. This weekend the traveling Pankokes will go to Eureka to pick up David who has been vacationing with the Pinkhams.

* * *

After this weekend it will be mighty quiet around here. Our son Chuck leaves Z Market and goes back to Santa Rosa as well as my helper Sharon Waite. Our daughter Andrea and our granddaughter Stephanie will leave then, too. Sure will be quiet when Jennifer and Mike go back to school on the 11th.

IMMUNIZATION LAW IS EFFECTIVE SOON

SACRAMENTO —(CNS)— Even though the legislature adopted a law this year requiring all elementary and secondary school pupils to be immunized against polio before admission to school, it will really have little effect this fall.

The new law takes effect Sept. 15 but Attorney General Stanley Mosk has ruled it provides for the compulsory shots to be administered prior to "admission." And the opinion said "admission" means the date of enrollment and acceptance of the qualifications of the pupil.

As most schools open this fall before Sept. 15 the effect of the compulsory polio immunization is to be confined to those who are admitted to school after the session has started.

There is still another delay involved, Mosk said. He said the new law will not become operative until the state board of health enacts required regulations.

Mosk said the requirement of immunization meant the producing of evidence "of at least one shot prior to enrollment and the diligent completion of the required series of shots as prescribed by regulations after enrollment."

Exceptions from the requirements are provided where immunization is contrary to the beliefs of the pupil or his parent, or where it is not safe because of the physical condition of the pupil.

Allspice, the dried, nearly-ripe pearsized fruit of an evergreen tree of the myrtle family, is the only major spice grown exclusively in this hemisphere.

GOLDEN MOMENTS

In California history—long before *cowboy* was a household word, colorful *vaqueros* were herding cattle on our plains.

In California life—today, an important word in many of our households is *beer*, the beverage of moderation. Beer means enjoyment . . . it stands for prosperity, too. Last year, 7,200 Californians earned a total of $34.5 million in the Brewing Industry—another reason why beer means better living for all in the "Golden State."

GOLDEN JUBILEE OF TAHOE CHURCH TO BE OBSERVED SOON

TAHOE CITY — The Catholic Corpus Christi chapel at Tahoe City will celebrate its Golden Jubilee on Sunday, September 10 with high mass at 4 p. m.

Rev. Joseph T. McGucken, bishop of the Sacramento diocese, will preach the sermon on the occasion, assisted by Father P. J. O'Neill, local pastor. Monsignor Thomas E. Horgan of St. Joseph's Church in Marysville, who was the first local pastor, will be present.

The children's choir, assisted by Mrs. Pat Vanni, organist and Maizie Carnell, choir leader, will sing the mass. Members include Melinda, Juliane, James and Cheryl Bechdolt, Cathy and Anna Marie Conners, Karen, Diane and Leslie McBride, Stephanie Snyder, Lynn, Joan and Anne Bettweiler, Joyce Anderson and Marty Spitsen.

After mass refreshments will be served between 5:30 and 6:30 p.m. on the lawn at the home of Mr. and Mrs. William Bechdolt. Dinner will be served at Tahoe Inn at 7 and reservations will be taken after mass by members of the Corpus Christi Guild.

All former pastors have been invited to the celebration including Fathers Michale Myles, Patrick Moran, William Daley, Jeremiah Boland and the first assistant priest, Father Patrick O'Neill, who became pastor in 1949.

The little chapel was built and maintained for many years through the generosity of Mr. and Mrs. Frederick Kohl of Idlewild and Tahoe Pines, with just one mass on Sunday during July and August.

During the early winter sports years in the late 20's and early 30's, when an S. P. excursion up for a weekend of fun in the snow with boys from various Catholic colleges accompanied by a priest would celebrate mass in the Old Tahoe Inn or Tavern Casino, this would be the only masses during the winter months. Brother Abbert of St. Mary's College was the favorite snow enthusiast for many years.

In 1945 a huge canvas curtain hung from ceiling to floor enclosing half of the church to preserve heat for a Sunday mass when weather was not too severe nor snow too deep. Father Boland started year 'round mass in 1949 coming through deep snow, blizzards and before snow plows cleared the roads.

Now parishoners celebrate 19 masses each Sunday, 25 in all including St. Theresa at Al Tahoe, Squaw Valley and Truckee. The Dominican Sisters started teaching a two week summer school catechism class in 1950. This school has grown to 65 pupils in 1961.

The little chapel had its first repairs and addition about 1927.

In 1959 the new addition with seating capacity of 160 was completed.

Anyone having pictures, information and historical data, please notify Mrs. Marie Henry, P. O. Box 108, Tahoe City. She plans a large bulletin board inside the church to display this data and will return to owner after the celebration.

EXPLANATION GIVEN ON YELLOW JANDERS

With several cases of hepatitis in the county, Dr. Elbridge Best, county health officer, has issued the following article on the subject:

"Yellow Janders" was a frequent household diagnosis, a generation ago. The condition was recognized in a sick person whose eyes were yellow.

Jaundice is the visible evidence of bile in the blood by the lemon color of the skin and the "whites" of the eyes showing yellow.

The cause of bile getting in the blood is the failure of bile to reach the intestines through the bile duct and its escape from the liver takes the path into the blood. We say the blood absorbs the bile, the cause may be a swelling at the end of the bile duct due to inflammation of the very small channels in the liver.

Today, the cases of jaundice and catarrhal junadice are mostly due to an infection of a particular virus(next to the smallest virus known) that goes into the liver. It comes to a healthy person from direct contact with a hepatitis patient. It is called a "dirt" disease. Mouth mucus carry the virus and so does the intestinal tract. Improper sewage disposal, lack of proper bathroom hygiene, sharing of food handled by a hepatitis patient or drinking from the same cup or canteen. The virus lives on anything it comes in contact. Freezing does not hurt it. Only proper boiling will kill it.

The county health department advises the practice of scrupulous personal hygiene. Boil all containers used by the sick. Boil water that is under suspicion. As we have infectious hepatitis in our midst today, take all precautions and remain healthy.

ACCUSED BLOCKER OF TRAIL IS ACQUITTED

TAHOE CITY — Richard V. Spatz of Tahoe City was acquitted by a jury in the Tahoe Judicial District Court last Thursday of a charge of "blocking a public trail" used by the Trevis Cup horse races from Tahoe City to Auburn last month.

Judge Robert Fugazi presided at the trial.

Spatz placed a flatbed truck and a piece of road-grading equipment on his property north of Tahoe City in the path of the riders, claiming they would be trespassing on his private property.

He was arrested for his efforts and the equipment was removed prior to the races.

Spatz pleaded not guilty to the charge at his arraignment and posted $105 bail prior to the two-day trial which began last Wednesday.

However, the State of California took him to court last week on the premise he barricaded public property.

Jurors felt after two days of testimony there was no conclusive proof the trail in question is public land, and found Spatz innocent.

Members of the jury were Thelma Hughes, Ellen R. Templeton, Pearl Kientz, Harold E. Gruendemann, Jaunita Cagle, James E. Bauman and Carl Thorwaldsen all of Kings Beach; Robert Johnson, Joyce B. Stitsen and Gladys Grahn of Tahoe City; Maynard B. Pike of Brockway and Alice Thompson of Tahoe Vista.

WORK CONTINUING ON COAST GUARD UNIT

TAHOE CITY — Construction of a permanent U. S. Coast Guard station a mile north of Tahoe City at Lake Forest is expected to be finished about January 1.

Coast Guard officials say they expect more craft will be added to the two boats currently operated by the station's five-man crew.

TAHOE BRIEFS
(Continued from Page 5)

Brehler of Agate Bay enjoyed the Kay Starr show at the South Shore Room Thursday evening.

The Dave Ashtons of Kings Beach enjoyed a visit from Dave's sister and family — Mr. and Mrs. William Tappen, and son, Peter of Eureka.

Louise and Otto Walter of Brockway are enjoying a visit from Otto's sister and her husband, Wanda and Bruce Long of Sun Valley. Come September 1 the Longs leave for Europe where Bruce has an assignment on the picture "Cleopatra" to be filmed in Italy and Egypt with Elizabeth Taylor. He has just returned from Tahiti where he worked on "Mutiny on the Bounty" with Marlon Brando.

"Gay Nineties Costume Ball" is set for September 23, Saturday night, at the North Shore Club Hotel, sponsored by the Women's Club of North Tahoe, and benefit for the Tahoe Forest Hospital, Pearl Kientz, president of the Women's Club announced. Cocktails, dinner and dancing 'til dawn with prizes for the best dressed couple, best dressed single, most authentic and a special prize, will be awarded.

Chairman and committee appointments will be announced next week, as well as other assistants and further information. Circle the calendar now as reservations will be at a premium.

Gail Potter and son, Jimmy, of Encino, were visiting at Poco Beach last weekend and Chuck and Marje Walker.

Guess who was shopping at Riviera? None other than Melba and Jeanette.

Veterans of Foreign Wars, Lake Tahoe Post 7077, Crystal Bay, Nevada sought two years ago community projects that would be beneficial to future betterment of North Tahoe communities.

Under Bob Moore, then commander, a committee was formed, headed by Admiral Crenshaw, formerly of Crystal Bay, and supported by Noble Murray of Kings Beach and Gary Eden of Brockway, to seek from the bureau of public roads, state of Nevada, the feasibility of creating an interchange at Spooner Summit at the head of Clear Creek grade.

For many years the design of the intersection had tendency to naturally route the uninformed traveler through to South Tahoe on to Carson City. Committeeman Admiral Crenshaw was highly received by officials of the bureau with the proposal submitted by the veterans. Survey crews were sent to the site the following week. Preliminary reports were completed and the new intersection was made a part of the expenditures for the new four laning of Highway 50.

Besides this community service, the post had a very successful March of Dimes campaigns which have netted the post national acclaim and the annual rippled Childrens Picnic, held at Sand Harbor.

Harry and Ceta Hooper and children, Jon and Charles of Brockway were Yuba City-Marysville visitors on Friday.

TRAVELER SPEAKER AT ROTARY SESSION

TAHOE CITY—Herman Jesson, world traveler and explorer, told Rotarians and guests at a luncheon meeting at Tahoe Inn of his 49 trips into Africa and the bush country and of the 4,500 acres of land he has acquired on the Amazon River where he has established a home on an island. His land is in an undeveloped area but could be developed for stock raising as well as a sports area. He said there is excellent fishing but little big game.

Asked if had experienced any trouble with natives of the bush country, Jesson said no, he learned their language and had made friends with the people from the start. His only bad experience was contacting some of the ills common to the country but that he had recovered completely after leaving the country.

The speaker said he has recently gone into the exporting business. Having learned the needs and fancies of the people he takes various merchandise including beads and other ornaments and trades for the native handicraft. Jesson said he belongs to the Adventurers Club of Los Angeles and will soon be returning to Africa with some of the club members. It was his first trip to Lake Tahoe.

Ned Long was program chairman. Gordon Moyer presided over the meeting attended by 25 members and 34 visiting Rotarians.

DIVOT-DIGGERS

By BETTY KIELHOFER

One more excuse for scoring badly on our new golf course has been removed, namely in the form of that nuisance sagebrush between fairways seven and eight. We can thank Charles Fink, Ang Besio and Bob Moore for relieving us of this exasperating situation. A job well done, fellows . . . don't you get a charge from this unwritten rule that putts within the 'leather' of the putter are "gimmies" . . . but, have you noticed the length of some of those putters? If P.G.A. ever accepts this as official, I'm afraid we'll be seeing a pair of stilts in every golf bag . . . Two new members to the Country Club this week who will be real assets to the roster are Augie and Louise Sassarini, sparkling live wires on an affair. I also got word that Bill and Rita Vail of Soda Springs joined and we feel privileged to have them . . . Well, bully for Truckee!—Jack Ellis and Norma Russell captured the low net trophies at Tahoe City's 12th annual tournament last weekend . . . can't recall this happening before. It makes us all very proud and proves they are botht 'pressure' players. Congratualtions! —this was especially commendable considering they were numbered among the few friends who got together the night before at McKay Springs barbecue . . . . Whew! . . . some of the others who participated in the same tournament were Mike Ellis, Georgianna King, Majel Rose, Mike Popovich, Lauren Russell, Zeph Rose, Karl Kielhofer and Ang Besio. Several of us who did not play made the trip up for their delicious barbecue and it was very enjoyable to see all our old golf buddies again . . . don't forget that the Shadow Valley Golf Course here is holding its first annual invitational next Sunday, the 3rd of September. Let's all get out in support of it. There will be trophies and prizes galore, plus the tasty barbecue afterwards . . . I would also like to say that qualifying rounds should be complete by now for our annual club championship contest coming up. The first pairings should be posted in the club house this weekend. Be certain to check the course rules before going out and good luck . . . hope all of you members will attend future meetings, which are always held the first Monday of each month at the club house. It's good to get the ideas of everyone on club activities for the fall and winter . . . let's keep it going all year 'round. See you next week.

Paul's striking words to the Romans (8) are included in the Bible readings in the Lesson-Sermon entitled "Man"; "Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? . . . Nay, in all these things we are more than conquerors through him that loved us."
A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (pp. 303, 304):
"Spiritual man is the image or idea of God, an idea which cannot be lost nor separated from its divine principle. When the evidence before the material senses yielded to spiritual sense, the apostle declared that nothing could alienate him from God, from the sweet sense and presence of life and truth."

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO—(CNS) — While it's difficult to draw conclusions from lengthy and involved set of figures developed by statistical bureaus, there are at least some interesting observations that can be made from the report of Attorney General Stanley Mosk on crime in 1960, as it occurred in California.

The report says the total felonies in seven major categories amounted to 251,495, which was an overall increase of 15 per cent over the previous year.

"Based on our growing population," the attorney general says, "the statistics disclose 1,57.7 actual crimes to each segment of 100,000 population."

However, out of 251,495 felony reports received by the authorities (disregarding unfounded reports), there were 98,821 adult felony arrests made.

And out of the felony arrests made, 28,142 were released; 6,500 sent to other jurisdictions; 21,352 reduced to misdemeanor charges, and 42,827 felony complaints were filed with the courts.

Another section of the report indicates superior courts had 30,-332 filings, a decrease of nearly 12,000 from the section on felony arrests.

Still another table shows the disposition of felony defendants in superior courts. There were 28,-922 of these during 1960, and the report shows a total of 24,816 convictions, which is an amazingly high percentage (86.3), and an indication that cases aren't going to court unless proper preparation and sufficient evidence is on hand to secure convictions.

On the other hand, out of the 24,816 convictions, there were 18,-619 pleas of guilty, and only 1,590 convicted by jury trial.

The 24,816 convictions however, stack up against the 251,495 felonies committed in seven major categories, doesn't look so good. It means that in less than ten per cent of the total crimes committed, are the perpetrators apprehended and brought to justice.

This might appear to be far more important than the fact that overall crimes has increased 15 per cent in California, as it conceivably might lead to the impression that California is a "soft" state in which to commit a crime, with recorded chances of one in ten of being required to face punishment for felonies committed.

The attorney general's figures do not stress this point, in fact, the report doesn't even mention the matter. The point must be made through comparison of the various charts and statistical blocks printed in the document.

The report also indicates the chances of getting caught are about one in three, or slightly less, as far as the major felony crimes are concerned.

The report says increases in crime were experienced in some measure in all areas of the state, with the Sacramento valley counties showing the largest percentage changes in ten counties, being up 31 per cent in crimes report and 37 per cent in felony complaints filed.

HUNTERS WARNED TO USE CARE WITH FIRE

With the dove hunting season imminent, Director Walter T. Shannon repeated his admonition to hunters to be extremely careful with fire, matches and smokes in this time of critical fire hazard in timber, brush and grasslands.

The season for mourning and white-wing doves opens Saturday, September 2, and runs through October 1.

Shooting hours are one-half hour before sunrise to sunset every day of the season. Daily bag and possession limit for mourning doves taken in California is 10, singly or in the aggregate.

Officers this week were investigating the burglary of the George Kaspian home on West Main Street.

Ralph Daniels, son in law of the Kaspians, who was keeping an eye on the house while the family is in Canada, told Sergeant Roy Waters that on a recent check of the premises he discovered all the doors open and a window broken in the rear of the house.

Contents of the rooms were scattered about but so far as could be determined immediately nothing was missing.

Two Injured

Steven Riley, 38, Oakland and John Bergstrom, 31, San Bruno, were hurt at 4:45 a. m. Saturday when their cars collided a mile west of Donner Summit

The highway patrol said Riley was attempting to pass an oil truck when he met the Bergstrom car. The Riley car plunged 50 feet into a ravine.

Both drivers were taken to the Tahoe Forest Hospital.
